Hi

Many thanks for getting back to me.

We are hopefully starting back next week with small groups (5) with our junior section.

It will mainly be skills and fitness to start with hence needing more equipment. We are looking at ball use with players bringing their own and they are sanitizer prior to working with someone else etc. It's a logistical nightmare but only way we can get back to some sort of netball. No games against each other allowed yet.

Thanks
Claire

Hello Claire

Thank-you for your email. At the moment I have no more information on this fund but when I do I will be in touch to let you know how the Council plans to proceed and that the Netball Club have made their interest known given the hardship and additional costs incurred.

I'm guessing you're happy to be back on court, are you all having to wear gloves?

Regards

Hi

Could you tell me more about the humanitarian Aid fund that you have and who and what is eligible to apply for some funding.

As a club we have had no income for the last 3.5 months and we are trying to get it back up and running but obviously with the government guidelines in place this means we have got to have small group training hence us having to hire facilities for more hours and purchase extra equipment to accommodate this and also all the H&S products required

Many thanks
Claire
